Source Book

BIO SUPPLY NET

BEST AVAILABLE COPY

The most comprehensive buyers' guide available for biomedical research. With 300 new product categories, 1000 new suppliers, and twice as much product information as last year. Includes lab setup checklist and comparative product data. Also visit www.biosupplynet.com.

Published in collaboration with Cold Spring Harbor Laboratory Press.

Section 12, Lab Organisms and Accessories	203
Organisms	204
Related Accessories	204
Section 13, Radiochemicals	207
Labeled Compounds	208
Radionuclides	208
Related Accessories	208
Section 14, Nonisotopic Alternatives	211
Cell Biology Techniques	213
Immunodetection Kits	213
Molecular Biology Techniques	213
Protein Chemistry Techniques	215
Accessory Reagents and Supplies	215
Nonisotopic Nucleic Acid Labeling Kits Bench Basics	217
Section 15, Appendices	221
Supplier List	222
Product Index	255
